

# We Are The Osmometer People

## FreezePoint® FREEZING POINT OSMOMETER

- Processes sample volumes from 2 to 60  $\mu\text{L}$
- Unsurpassed accuracy with error rate of less than 1%
- Results in ~90 seconds
- Self-cleaning thermocouple reduces maintenance

## Vapro® VAPRO PRESSURE OSMOMETER

- Intuitive touch screen guides you step-by-step
- Automatic two- or three-point calibration
- Results in 60 seconds
- Robust design requires minimal maintenance
